To Whom It May Concern:

As the Maintenance Manager at Fiera Foods' Company I am pleased to let you know that we have employed Universal Silo Services Inc. for the past 5 years to clean and service our flour silos. We at Fiera Foods company have been very happy and satisfied with their work. We have found their work to be of the highest quality.

I would without any hesitation recommend Universal Silo Services Inc. for any company that is looking to get their silos cleaned or serviced.

Regards,

Pavel Timoshenko
Maintenance Manager
Fiera Foods Company
